**Summary of OPTIVISION:**

- The CME was conducted at Goa. It was aimed to bring together the well-known Ophthalmologist across India in order to discuss various clinical aspects on Glaucoma, Retina and Cataract.
- In this CME, Newly updated Treatment was discussed by ophthalmologist's experts. Also, Ptosis Surgery, Dry Eye complication and management were discussed in this CME.
- Different cases were explained to the audience and the whole case was open for discussion. Audience actively participated in the discussion regarding the differential diagnosis, investigations and management of Glaucoma, Retina, Cataract, Ptosis Surgery and Dry Eye. It was a very interactive session and the delegates thoroughly enjoyed it.
- Participants were keen to share their experience and knowledge and they also provided their critiques and recommendations on the event.
